# Subject Index

Acid-alcohol-fast bacteria, in mackerel, 173.
*Advances in Aquaculture*, book reviews, 177.
*Aeromonas hydrophila*:
efficacy of Furanace against infections of, 93;
in goldfish, 133.
*Aeromonas salmonicida*: as a cause of ulcerative disease in goldfish, 145;
effect of on inhibition of epidermal migration, 517;
in goldfish, 133.
*Aeromonas salmonicida*-type infection, in the goldfish, 181.
Alcian-blue PAS staining, in the histology and histopathology of teleost kidney, 473.
American oysters, experimental pathogenicity of reovirus $13p_2$ for, 187.
Amphibians, immune system of, 399
*Amyloodinium ocellatum* (Brown, 1931), 363.
*Anguilla anguilla* L., occurrence of 'cauliflower disease' in, 255.
*Animal Tissue Techniques*, book review, 360.
Antigen localization, in the carp, 399.
Antigen-trapping, in the spleen and kidney of the plaice, 413.
*Aquaculture—Institute of Biology Studies in Biology No. 106*, book review, 261.
Aquaculture operations, control of fish diseases in, 355.
*Atkinsiella hamanaensis* sp. nov., isolated from the mangrove crab, 373.
Atlantic menhaden, viral aetiology of epizootics in, 387.
Atlantic Salmon:
bacterial infection in, 29;
epidermal papillomata in, 525.
Avitaminosis C, nutritional deficiency disease due to, 231.

Bacterial kidney disease, detection and identification of, 67.
Biography:
Professor W. Schaperclaus, 79;
S. F. Snieszko, 451.
Bivalves, *Bunodera luciopercae* (Müller, 1776) infections in, 481.
*Blennius pholis*, L.:
microsporidian infection of, 317;
piscine erythrocyte necrosis in, 41.
Blenny virus, electron microscopical studies of in marine fish, 47.
Bluegill fingerlings, experimental pathogenicity of reovirus $13p_2$ for, 187.
Book reviews:
*Advances in Aquaculture*. Edited by T. V. R. Pillay and W. A. Dill, 177;
*Animal Tissue Techniques*. By G. L. Humason, 360;
*Aquaculture—Institute of Biology Studies in Biology No. 106*. By P. J. Reay, 261;
*Developments in Marine Biology. Vol. 1. Toxic dinoflagellate blooms*. Edited by D. L. Taylor and H. H. Seliger 534;
*Diversity and Adaption in Fish Behaviour*. By H. A. Keenleyside, 533;
*Exotic Species in Mariculture* By R. Mann, 533;
*Farming the flat oysters of the genus* Ostrea. By P. Korringa, 359;
*Fish Cultivation in Sewage Stabilisation Pond Effluent*. By P. Edwards *et al.*, 447;
*Immunity in Evolution* By J. J. Marchalonis, 261;
*Marine Maladies? Worms, Germs and Other Symbionts from the Northern Gulf of Mexico*. By R. M. Overstreet, 449;
*Methods for Assessment of Fish Production in Fresh Waters*. By T. B. Bagenal, 178;
*Pathophysiology—Altered Regulatory Mechanisms in Disease*. Edited by E. D. Frohlich, 76;
*Phytoplankton and the Fish Kills in Loch Striven*. Edited by P. Tett, 534;
*Reef Fishes of the Sea of Cortez: The Rocky-Shore Fishes of the Gulf of California*. By D. A. Thomson, L. T. Findley and A. N. Kerstitch, 360;
*Sea microbes*. By J. M. Sieburth, 359;
*Seawater Aquariums: The Captive Environment*. By S. Spotte, 447;
*Tilapia—A Guide to Their Biology and Culture in Africa*. By J. D. Balarin and J. P. Hatton, 75;
*Tissues and Organs—Q Text—Atlas of Scanning Electron Microscopy*. By R. G. Kessel and R. H. Kardon, 361;
*The Use and Potential of Aquatic Species for Waste Water Treatment. Appendix B. The Environmental Requirements of Fish*. By J. Colt, S. Mitchell, G. Tchobanoglais and A. Knight, 448.
Bovine serum albumin, localization of in the trout, 413.
*Brachydanio albolineatus* (Hamilton-Buchanan), tumours in, 339.
*Brachydanio rerio* (Hamilton-Buchanan):
microsporidiosis of, 71;
tumours in, 339.
*Brevoortia tyrannus*, viral aetiology of epizootics in, 387.
Brook trout, bacterial disease in, 29.
Brown trout, post-spawning mortalities in, 153.
*Bunodera luciopercae* (Müller, 1776), 481.

*Carassius auratus* (L.):
dermal fibrosarcoma in, 249;

experimental induction of ulcerative disease in, 145;
microbiological examination of ulcerative disease in, 133;
ulcerative disease in, 181.
Carp:
antigen localization in, 399;
gill myxoboliasis in, 349;
renal sphaerosporosis in, 11.
Caryophyllid tapeworms, lesions in white suckers infected by, 167.
*Catla catla* Hamilton, gill myxoboliasis in, 349.
*Catostomus commersoni* Lacépède, lesion in, 167.
'Cauliflower disease', occurrence of in eels, 255.
Cell reactions, to *Tetramicra brevifilum* gen. n. sp. n. in the turbot, 495.
Cestodes, prevalence of and pathology caused by, 223.
Channel catfish:
effect of Furanace on, 93;
histological effects of sublethal hypoxia on, 305;
interlamellar *Henneguya* infestation in, 257.
Chemotherapeutants, use against bacterial infections in fish, 93.
Chemotherapy, control of *Ichthyophthirius multifiliis* Fouquet by, 203.
*Chilodonella* sp., control of infestations of, 531.
Chilodonelliasis, control of with nifurpirinol, 531.
*Chionocetes bairdi* Rathbun, haemocyte classification and measurement of fungal infection in, 285.
Ciliate infections and infestations:
control of in *Grundulus bogotensis* Humboldt, 531;
control of with nifurpirinol, 531;
in marine fishes, 295.
*Cirrhina mrigala* Hamilton:
gill myxoboliasis in, 349;
nutritional deficiency disease in, 231.
*Clarias mossambicus* (Peters), prevalence and pathology of *Polyonchobothrium clarias* (Woodland, 1925) in, 223.
Cod, piscine erythrocytic necrosis in, 41.
Coelozoic parasites, effects in *Cyprinus carpio* L., 11.
*Corynebacterium*, detection and identification of in BKD, 67.
*Crassostrea gigas* Thünberg:
ultrastructural aspects of a serious disease of hatchery-reared larvae of, 1;
*Crassostrea virginica* (Gmelin), experimental pathogenicity of reovirus $13p_2$ for, 187.
*Cryptobia branchialis* Nie, ectocommensal function in fish gills, 427.
*Cyprinus carpio* L.:
antigen localization in, 399,
renal sphaerosporosis in, 11.
*Danio malabricus* (Hamilton-Buchanan), tumours in, 339.
Dermal fibrosarcoma, in goldfish, 249.
*Developments in Marine Biology. Vol. 1. Toxic dinoflagellate blooms*, book review, 534.
*Dicentrarchus labrax* (L.), *Amyloodinium ocellatum* (Brown, 1931) infestations in, 363.
Diplostomiasis, in rainbow trout, 455.
*Diplostomum* spp., infections in rainbow trout, 455.
Direct immersion vaccination, 161.
Disease, control of in warm water aquaculture operations, 355.
*Diversity and Adaptation in Fish Behaviour*, book review, 533.

Ectocommensal function, of *Cryptobia branchialis* Nie, 427.
Eel, occurrence of 'cauliflower disease' in, 255.
Electrotherapy, control of *Ichthyophthirius multifiliis* Fouquet by, 203.
Enteric redmouth disease, in steelhead trout, 467.
Enterobacteriaceae, in Australian salmonids, 29.
Epidermal migration, inhibition of in the skin of rainbow trout, 517.
Epidermal papillomata, in Atlantic salmon, 525.
Epizootics, viral aetiology of in Atlantic menhaden, 387.
Erythrocytes, viral infections of in marine fish, 41; 47.
*Exotic Species in Mariculture*, book review, 533.
Eye fluke, infections in rainbow trout, 455.

*Farming the Flat Oysters of the Genus* Ostrea, book review, 359.
*Fish Cultivation in Sewage Stabilization Pond Effluent*, book review, 447.
Fishes, immune system of, 399.
Food deprivation, effect of in rainbow trout in combination with other factors, 115.
Freshwater fish, myxosporidia infections in, 349.
Fungal disease:
measurement of infection with, 285;
of the ova of the mangrove crab, 373.
Furanace, toxicity and efficacy of on channel catfish, 93.

*Gadus morhua* L., piscine erythrocytic necrosis in, 41.
Gill filaments, infestations of with *Nemesis lamna* Risso, 1826, 443.
Gill myxoboliasis, of major carps, 349.
Gills, ectocommensal function of *Cryptobia branchialis* Nie from, 427.
Gilthead bream, *Amyloodinium ocellatum* (Brown, 1931) infestations in, 363.
*Glugea* sp., tissue reactions to infections of, 265.
Goldfish:
dermal fibrosarcoma in, 249;
experimental induction of ulcerative disease in, 145;

microbiological examination of ulcerative disease in, 133;
ulcerative disease in, 181.
Growth, retardation of due to nutritional deficiency disease, 231.
*Grundulus bogotensis* Humboldt, control of ciliate infestations in, 531.

Haemocyte classification, in the tanner crab, 285.
*Haemogregarina sachai* Kirmse, 1978, pathogenicity of in farmed turbot, 101.
Haemorrhage, due to sublethal hypoxia, 305.
*Henneguya* sp., interlamellar infestations of in channel catfish, 257.
*Heterosporis* Schubert, sp., 1969, tissue reactions to infection by, 265.
Histopathology, effect of sublethal hypoxia on, 305.
*Hunterella nodulosa*, infection in white suckers, 167.
*Hyalochlorella marina*-like infection, in hatchery-reared *Crassostrea gigas* Thünberg, 1.
Hyperaemia, due to sublethal hypoxia, 305.
Hyperosmotic immersion vaccination, 161.
Hyperplasia, due to sublethal hypoxia, 305.
Hypertrophy, due to sublethal hypoxia, 305.
Hypochromic macrocytic anaemia, due to nutritional deficiency disease, 231.

Ichthyophthiriasis, control of with nifurpirinol, 531.
*Ichthyophthirius multifiliis* Fouquet:
control of by chemotherapy, 203;
control of by electrotherapy, 203;
control of infestations of, 355; 531.
*Ichthyosporidium* Caullery and Mesnil, 1905, sp., tissue reactions to infection by, 265.
*Ictalurus punctatus* (Rafinesque):
effect of Furanace on, 93;
histological effects of sublethal hypoxia on, 305;
interlamellar *Henneguya* infestation in, 257.
Immune system, of fishes and amphibians, 399.
*Immunity in Evolution*, book review, 261.
Indian major carp, nutritional deficiency disease in, 231.
Indirect fluorescent antibody technique, use of for detection and identification of the BKD organism, 67.
Infectious pancreatic necrosis, effect of virazole on, 437.
*Isurus oxyrinchus* Rafinesque, *Nemesis lamna* Risso, 1826, infestations in, 443.

Kidney:
antigen-trapping in, 413;
histology and histopathology of in teleosts, 473.
Kidney tumour virus, 339.

*Labeo rohita* Hamilton, gill myxoboliasis in, 349.
Largemouth bass, prevalence rate of *Lernaea cyprinacea* L. on, 529.
*Lebistes reticulatus* (Peters), tumours in, 339.
*Lepomis macrochirus* (Rafinesque) experimental pathogenicity of reovirus $13p_2$ for, 187.
*Lernaea cyprinacea* L., prevalence rate of on young-of-the year largemouth bass, 529.
Liver, histopathology of in starry flounder in polluted waters, 81.

Mackerel, acid-alcohol-fast bacteria in, 173.
Mangrove crab, isolation of *Atkinsiella hamanaensis* sp. nov. from, 373.
Marine fish:
*Amyloodinium ocellatum* (Brown, 1931) infestations in, 363;
*Uronema marinum* Dujardin infections in, 295.
*Marine Maladies? Worms, Germs and Other Symbionts*, book review, 449.
*Methods for Assessment of Fish Production in Fresh Waters*, book review, 178.
*Micropterus salmoides* (Lacépède), prevalence rate of *Lernaea cyprinacea* L. on, 529.
Microsporidian infections, tissue reactions to, 265.
Microsporidiosis, of zebra danio, 71.
Mirex, effect of on rainbow trout in combination with other factors, 115.
Mycobacterial tubercle, association with kidney tumour virus, 339.
*Mycobacterium fortuitum*, in relation to kidney tumour virus 339.
*Myxobolus*, gill infestations of, 349.
*Myxocephalus scorpius*, parasitism of by *Pleistophora typicalis* Gurley, 1893 317.

Necrosis, due to sub-lethal hypoxia, 305.
*Nemesis lamna* Risso, 1826, tissue proliferations associated with infestations of, 443.
Neoplasia, in *Sarotherodon spilurus spilurus* (Günther), 63.
Neoplasms, epidermal papillomata, 525.
Neoplastic lesions, in the skin of Pacific English sole, 125.
Nifurpirinol, use of in the control of chilodonelliasis and ichthyophthiriasis, 531.
Nutritional deficiency disease:
due to avitaminosis C during early growth, 231;
in Indian major carp, 231.

Oedema, due to sub-lethal hypoxia, 305.
Oedema syndrome:
as a cause of post-spawning mortalities in brown trout, 153;
pathology and clinical biochemistry of, 153.
*Oncorhynchus nerka* (Walbaum), vaccination of with *Vibrio anguillarum*, 161.
Organochlorines, effect of Mirex and PCB's in

combination with food deprivation and testosterone administration on the bioaccumulation of in rainbow trout, 115.
Oysters, ultrastructural aspects of a serious disease of hatchery-reared larvae of, 1.

Pacific English sole, cell kinetics of skin tumours in, 125.
Parasite control, 203.
*Parophrys vetulus* Girard, cell kinetics of skin tumours in, 125.
*Pathophysiology—Altered Regulatory Mechanisms in Disease*, book review, 76.
PCB's, effect of on rainbow trout in combination with other factors, 115.
*Perca fluviatilis* L., *Bunodera luciopercae* (Müller, 1776) infection in, 481.
Perch, *Bunodera luciopercae* (Müller, 1776) infection in, 481.
Perfusion fixation, in histology and histopathology of teleost kidney, 473.
*Phytoplankton and the Fish Kills in Loch Striven*, book review, 534.
Piscine erythrocytic necrosis:
in cod and blenny, 41;
electron microscopical studies of in marine fish, 47.
*Pisidium casertanum*, *Bunodera luciopercae* (Müller, 1776) infections in, 481.
*Pisidium milium*, *Bunodera luciopercae* (Müller, 1776) infections in, 481.
Plaice, antigen-trapping in the spleen and kidney of, 413.
*Platichthys stellatus* (Pallas) histopathology of abnormal organs in specimens from polluted waters, 81.
Pleistophora, ultrastructural characterization of the genus, 317.
*Pleistophora littoralis* n. sp., infection in *Blennius pholis*, 317.
*Pleistophora* sp. infections, tissue reactions to, 265.
*Pleistophora typicalis* Gurley, 1893;
microscopical examination of, 317;
redescription of, 317.
*Pleuronectes platessa* L., antigen-trapping in the spleen and kidney of, 413.
Pollution, pathological conditions in starry flounder affected by, 81.
*Polyonchobothrium clarias* (Woodland, 1925), prevalence and pathology of, 223.
Post-spawning mortalities, in brown trout, 153.
*Pygidium* sp., control of ciliate infestations in, 531.

Rainbow trout:
detection and identification of BKD in, 67;
effect of Mirex and PCB's in combination with food deprivation and testosterone administration on thyroid activity and bioaccumulation of organochlorines in, 115;
effect of virazole on IPN viral infections in, 437;
infections with eye flukes, 455;
inhibition of epidermal migration in, 517;
occurrence of viral haemorrhagic septicaemia in, 21; 55;
resistance to SBS bacterial infection, 29.
Redmouth bacterium, similarity to SDS bacterium, 29.
*Reef Fishes of the Sea of Cortez: The Rocky-Shore Fishes of the Gulf of California*, book review, 360.
Renal sphaerosporosis, in the common carp, 11.
Reovirus $13p_2$, experimental pathogenicity, 187.

*Salmo gairdneri* Richardson:
detection and identification of BKD in, 67;
effect of Mirex and PCB's in combination with food deprivation and testosterone administration on thyroid activity and bioaccumulation of organochlorines in, 115;
effect of virazole on IPN viral infections in, 437;
infections with eye flukes, 455;
inhibition of epidermal migration in, 517;
occurrence of viral haemorrhagic septicaemia in, 21; 55;
resistance to SBS bacterial infection, 29;
stress-induced transmission of *Yersinia ruckeri* in, 467.
*Salmo salar*, L.:
bacterial infection in, 29;
epidermal papillomata in, 525.
*Salmo trutta* L., post-spawning mortalities in, 153.
Salmonid fry, losses due to IPNV, 437.
Salmonids, mortalities due to a bacterium similar to the redmouth bacterium and *Serratia liquefaciens* in, 29.
*Salvelinus fontinalis* (Mitchill), bacterial disease in, 29.
*Saprolegnia* sp., control of infestation by, 355.
*Sarotherodon* larvae, abnormalities of, 441.
*Sarotherodon spilurus spilurus* (Günther), dual neoplasia in, 63.
SBS bacteria:
mortalities in hatchery-reared trout due to, 29;
similarity to *Serratia liquefaciens*, 29;
similarity to *Yersinia ruckeri*, 29.
Schaperclaus, W., Professor, biography, 79.
*Scomber scombrus* L., acid-alcohol-fast bacteria in, 173.
*Scophthalmus maximus* (L.):
cell and tissue reactions of to *Tetramicra brevifilum* gen. n. sp. n., 495;
pathogenicity of *Haemogregarina sachai* Kirmse, 1978, in, 101.
*Scylla serrata* (Forsskål), isolation of *Atkinsiella hamanaensis* sp. nov. from, 373.
*Sea microbes*, book review, 359.
Seabass, *Amyloodinium ocellatum* infestations in, 363.

*Seawater Aquariums: The Captive Environment*, book review, 447.
*Serratia liquefaciens* (Grimes and Hennerty), similarity to SBS bacterium, 29.
Shortfin makos, *Nemesis lamna* Risso, 1826, infestations in, 443.
Skin, epidermal migration in, 517.
Snieszko, S.F., biography, 451.
Sockeye salmon, vaccination with *Vibrio anguillarum*, 161.
*Sparus aurata* (L.):
*Amyloodinium ocellatum* infestations in, 363;
chronic inflammatory disease in, 213;
systemic granuloma in, 213.
*Sphaerospora angulata* Fujita, 1912, infection of *Cyprinus carpio* L. by, 11.
'Spinning disease', in Atlantic menhaden, 387.
Spleen, antigen-trapping in, 413.
*Spraguea* Sprague and Vávra, 1976, sp., tissue reactions to infection of, 265.
Starry flounder, histopathology of abnormal organs in specimens from polluted waters, 81.
Steelhead trout, stress-induced transmission of *Yersinia ruckeri* infection in, 467.
Stress-induced transmission of *Yersinia ruckeri* infection, 467.
Structural deformities, due to nutritional deficiency disease, 231.
Sub-lethal hypoxia, histological effects of on channel catfish, 305.
Systemic granuloma, pathology and histopathology of in *Sparus aurata* (L.), 213.

Tanner crab:
evaluation of using differential counts to measure infection with a fungal disease, 285;
haemocyte classification of, 285.
Teleost:
cestodes in, 223;
histology and histopathology of the kidney of, 473.
Testosterone administration, effects of on rainbow trout in combination with other factors, 115.
*Tetramicra brevifilum* gen. n. sp. n., cell and tissue reactions of turbot to, 495.
Thyroid activity, effect of Mirex and PCB's in combination with food deprivation and testosterone administration in rainbow trout on, 115.
*Tilapia—A guide to their Biology and Culture in Africa*, book review, 75.
Tissue proliferations, associated with *Nemesis lamna* Risso, 1826, 443.
Tissue reactions:
of marine fishes to *Uronema marinum* Dujardin, 295;
to microsporidian infections, 265;
to *Tetramicra brevifilum* gen. n. sp. n., 495.
to xenoma-inducing microsporidian sp., 265.
*Tissues and Organs—Q Text—Atlas of Scanning Electron Microscopy*, book review, 361.
Tumours:
cell kinetics of in Pacific English sole, 125;
in the goldfish, 249.
Turbot:
cell and tissue reactions of to *Tetramicra brevifilum* gen. n. sp. n., 495;
pathogenicity of *Haemogregarina sachai* Kirmse, 1978, in, 101.

Ulcerative disease:
aetiology of in goldfish, 133; 181;
characterization of causative agent of, 181;
experimental induction of in the goldfish, 145;
microbiological examination of in the goldfish, 133.
*Uronema marinum* Dujardin:
histopathology of infection by in marine fishes, 295;
morphology of, 295.
*The Use and Potential of Aquatic Species for Waste Water Treatment. Appendix B. The Environmental Requirements of Fish*, book review, 448.

Vaccination:
direct immersion versus hyperosmotic immersion techniques, 161;
of sockeye salmon with *Vibrio anguillarum*, 161.
*Vibrio anguillarum*, vaccination of sockeye salmon with, 161.
Viral aetiology, of epizootics in Atlantic menhaden, 387.
Viral haemorrhagic septicaemia:
electron microscopical visualization of, 55;
haematological observations on, 55;
histopathological observations of, 55;
in *Salmo gairdneri* Richardson, 21; 55.
Viral infection:
in American oysters, 187;
in bluegill fingerlings, 187;
of marine fish erythrocytes, 41; 47.
Virazole, effect of on IPN virus in rainbow trout, 437.

White suckers, lesions in, 167.

Xenoma-inducing microsporidian sp., tissue reactions to, 265.

*Yersinia ruckeri*:
similarity to SBS bacterium, 29;
stress-induced transmission of, 467.

Zebra danio, microsporidiosis of, 71.
